

Friday 22nd January

## YEAR 4 - Daily Tasks

### Spellings - (anti means 'against')

Your weekly spellings are: antiseptic, anticlockwise, antisocial, antidote, antibiotic, antivenom, anti-ageing, antifreeze, antiperspirant and antigravity.

I'm hoping to post a video of the spelling test on Friday. Alternatively, get another person at home to read out your words whilst you write them.

### Maths

Estimate then use columns to solve these: 1)  $3814 + 6097 =$  2)  $8231 - 5425 =$

Now check to see if you are correct by completing an inverse sum for them.

### Title - Frequency, tables and bar charts

1 - Watch the lesson.

2 - Complete the homework. Take your time and try to get 100% on your 1st go.

3 - If you don't get 100%, try the homework again to see if you can improve. Watch the lesson again if you need support.

### English

1) What is your favourite chocolate bar?

2) If you could create your dream chocolate bar what would it be in it? What would it be called?

3) On a sheet, design your own chocolate bar and wrapper.

Think about:

What flavour will it be? Will it be hard or soft? Will it have anything in it? (Raisins, popping candy, nougat, apricots, biscuit, etc.) What colours will you use in the wrapper? What is the name of your bar?

Friday 22nd January

Draw and label your bar and wrapper.

4) Create a slogan for your bar.

When chocolate bars are advertised, they often have a slogan. A slogan is a short and striking or memorable phrase.
